gp COUNSELING CORNER

Student Safety

High School Prom: April 29

Middle School Promotion: May 25

High School Graduation: May 26

With prom and graduations right around the corner, Oneida County, NY Sheriff Robert Maciol has some advice for parents and students to keep these important events as safe as possible.

"Proms and high school graduations are great for making memories, although everyone needs to make sure they're not tragic memories caused by someone's destructive decisions," said Maciol.

"Being proactive now will insure that there are no empty chairs at graduation time," Maciol said.

Information gathered from The Daily Sentinel.
