PART D - EXPLANATION OF ACCOUNTING PRACTICES FOR LATE MANDATED CATEGORICAL PAYMENTS

(For School Districts who report on an Accrual/Modified Accrual Accounting Basis only)

School districts that report on the accrual/modified accrual basis of accounting must identify where late mandated categorical payments (Acct Codes 3100, 3120, 3500, 3510, 3950) are recorded. Depending on the accounting procedure these amounts will be used to adjust the Direct Receipts/Revenues in calculation 1 and 2 of the Financial Profile Score.

In FY 2024, identify those late payments recorded as Intergovermental Receivables, Other Recievables, or Deferred Revenue & Other Current Liabilities or Direct Receipts/Revenue.

Payments should only be listed once.

24. Enter the date that the district used to accrue mandated categorical payments.

25. For the listed mandated categorical payments (Revenue Code (3100, 3120, 3500, 3510, 3950) that were vouchered prior to June 30, but not released until after year end as reported in ISBE Financial Reimbursement Information System (FRIS), enter the amounts that were accrued in the chart below.

Current Year Payment on Contracts For Indirect Cost Rate Computation

Please do not remove and reinsert this tab from the workbook or paste into this tab. The AFR will be returned to the auditor if this tab is completed incorrectly.

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The contracts should be only for purchase services and not for salary contracts. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this schedule. They are excluded from the Indirect Cost Rate calculation.

To determine the applicable contracts for this schedule, they must meet ALL three qualifications below:

- 1. The contract must be coded to one of the combinations listed on the icon below.
- 2. The contract must meet the qualifications below on the "Subaward & Subcontract Guidance" and the "Indirect Cost Rate Plan" (Sub-agreement for Services).
- 3. Only list contracts that were paid over \$25,000 for the fiscal year.

Use the resources to the right to determine if the contract should be listed below.

Indirect Cost Rate Plan

Column A, B, C, D below must be completed for each contract. Enter Column B without hypens. Ex) 101000600

Column (E) and (F) are calculated automatically based on the information provided in Columns (A through D).

The amount in column (E) is the amount allowed on each contract in the Indirect Cost Rate calculation. The amount in column (F) is the amount that will be deducted from the base in the indirect cost rate (tab 41) for Program Year 2026.

| Enter Fund-Function-Object Name, Where the Expenditure was Recorded (Column A) | Fund- Function- Object Number (Column B) | Enter Contracted Company Name (Column C) | Enter Current Year Amount Paid on Contract (must be less than or equal to amount reported in the AFR's "Expenditures 16-24" tab) {Column D} | Contract Amount Applied to the Indirect Cost Rate Base (Column E) | Contract Amount deducted from the Indirect Cost Rate Base (Column F) |

INDEPENDENT AUDITOR'S REPORT

Superintendent and School Board Griggsville-Perry Community Unit School District No. 4 Griggsville, Illinois

Report on the Audit of the Financial Statements

Opinions

We have audited the Statements of Assets and Liabilities Arising from Cash Transactions of Griggsville-Perry Community Unit School District No. 4, as of June 30, 2024 and the related Statement of Revenues Received, Expenditures Disbursed, Other Sources (Uses) and Changes in Fund Balances (All Funds), Statements of Revenues Received (All Funds) and Statements of Expenditures Disbursed Budget to Actual (All Funds) for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Griggsville-Perry Community Unit School District No. 4's basic financial statements as listed in the table of contents.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements present fairly, in all material respects, the assets and liabilities arising from cash transactions of each fund of Griggsville-Perry Community Unit School District No. 4 as of June 30, 2024, and their respective revenues received and expenditures disbursed, and budgetary results of the expenditures disbursed for the year then ended in accordance with the basis of accounting practices prescribed or permitted by the Illinois State Board of Education to demonstrate compliance with the Illinois State Board of Education's regulatory basis of accounting and budget laws as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Griggsville-Perry Community Unit School District No. 4 as of June 30, 2024, or the changes in financial position and cash flows thereof for the year then ended.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Griggsville-Perry Community Unit School District No. 4 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by Griggsville-Perry Community Unit School District No. 4 on the basis of accounting practices prescribed or permitted by the Illinois State Board of Education to demonstrate compliance with the Illinois State Board of Education's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Also, as described in Note 1, Griggsville-Perry Community Unit School District No. 4 prepares its financial statements on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting practices prescribed or permitted by the Illinois State Board of Education and with the cash basis of accounting as described in Note 1. This includes determining that the financial reporting provisions of the Illinois State Board of Education and the cash basis of accounting are acceptable bases for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Griggsville-Perry Community Unit School District No. 4's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of Griggsville-Perry Community Unit School
 District No. 4's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Griggsville-Perry Community Unit School District No. 4's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Griggsville-Perry Community Unit School District No. 4's basic financial statements. The information provided on pages 2 through 4, 25 through 45, 46-29 through 46-30, 47 and the Schedule of Expenditures of Federal Awards, as required by *Title 2 U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The information provided on pages 2 through 4, supplementary schedules on pages 25 through 35, Schedule of Capital Outlay and Depreciation on page 36, Itemization Schedule on page 44, Schedule of Student Activity Funds on pages 46-29 through 46-30 and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, such information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Estimated Operating Expenditures Per Pupil and Per Capita Tuition Charge Computation on pages 37 through 39, the Indirect Cost Rate – Contracts Paid in Current Year on page 40, the Indirect Cost Rate Computation on page 41, the Report on Shared Services or Outsourcing on page 42, the Administrative Cost Worksheet on page 43, the Reference Page on page 45, and the Deficit Reduction Calculation on page 47 have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

The 2023 comparative information shown in the Schedule of Expenditures of Federal Awards was subjected to auditing procedures applied by us, and our report dated November 15, 2023, expressed an unmodified opinion that such information was fairly stated in all material respects in relation to the 2023 financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2024 on our consideration of Griggsville-Perry Community Unit School District No. 4's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Griggsville-Perry Community Unit School District No. 4's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Griggsville-Perry Community Unit School District No. 4's internal control over financial reporting and compliance.

GRIGGSVILLE-PERRY COMMUNITY UNIT SCHOOL DISTRICT NO. 4 Griggsville, Illinois NOTES TO FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies

The District's accounting policies conform to the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide.

A. Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the district exercises oversight responsibility.

The District has developed criteria to determine whether outside agencies with activities that benefit the citizens of the District, including joint agreements which serve pupils from numerous districts, should be included within its financial reporting entity. The criteria include, but are not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

Joint agreements have been determined not to be part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are, therefore, excluded from the accompanying financial statements, because the District does not control the assets, operations, or management of the joint agreements. In addition, the District is not aware of any entity that would exercise such oversight as to result in the District being considered a component unit of the entity.

B. Basis of Presentation - Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, revenue received, and expenditures disbursed.

The District maintains individual funds required by the State of Illinois. The various funds are summarized by type in the financial statements. These funds are grouped as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following fund types and account groups are used by the District:

Note 1. Summary of Significant Accounting Policies (continued)

B. Basis of Presentation - Fund Accounting (continued)

Governmental Funds

Governmental Funds are those through which most governmental functions of the District are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

The Educational Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. The Educational Fund includes the Student Activity funds. These funds are used to account for financial resources used for student programs.

The Operations and Maintenance Fund, Transportation Fund, Illinois Municipal Retirement/Social Security Fund, and the Tort Fund are used to account for cash received from specific sources (other than those accounted for in the Debt Service Fund, Capital Project Funds or Fiduciary Funds) that are legally restricted to cash disbursements for specified purposes.

The Debt Services Fund accounts for the accumulation of resources for, and the payment of general long-term debt principal, interest and related costs.

The Capital Projects Fund is used to account for proceeds resulting from bond issues, receipts from other long term financing agreements, or other resources used to finance capital projects, capital leases, or lease purchase agreements.

The Working Cash Fund accounts for financial resources held by the District to be used for temporary interfund loans to other funds.

The Fire Prevention and Safety Fund is used to account for financial resources to be used for fire prevention, safety, energy conservation, or school security projects.

Fiduciary Funds

Fiduciary Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments or other funds.

The Agency Funds account for funds received from an independent, outside source in which the District is solely acting in an administrative capacity and therefore only has fiduciary responsibility for the funds but does not have any control over the funds. As of June 30, 2024, the District had no fiduciary funds.

Note 1. Summary of Significant Accounting Policies (continued)

B. Basis of Presentation-Fund Accounting (continued)

Governmental Funds - Measurement Focus

The financial statements of all Governmental Funds focus on the measurement of spending or "financial flow" and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources."

Governmental fund operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

General Fixed Assets and General Long-Term Debt Account Group

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. Fixed assets used in governmental fund type operations are accounted for in the General Fixed Assets Account Group, rather than in governmental funds.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. Proceeds from sales of bonds and other long-term debt are included as other financing sources in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

The two account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

General fixed assets have been acquired for general governmental purposes. At the time of purchase or commencement of lease, assets are recorded as expenditures disbursed in the Governmental or Activity Funds and capitalized at cost in the general fixed assets account group at historical cost or estimated historical cost if actual historical cost is not available. Donated general fixed assets are stated at estimated fair market value as of the date of acquisition. The District maintains a detailed list of property and equipment purchased for insurance purposes. The District does not maintain a formal capitalization policy, but does follow grant guidelines, when applicable.

The District uses the direct expense method of accounting for planned major maintenance costs associated with the property and equipment. The costs of such maintenance activities are expensed when actually paid.

Note 1. Summary of Significant Accounting Policies (continued)

B. Basis of Presentation-Fund Accounting (continued)

General Fixed Assets and General Long-Term Debt Account Group (continued)

During the year ended June 30, 2022, the District implemented GASB 87. Due to this implementation, the District has recorded Right-of-Use Assets in addition to related liabilities on the Right-of-Use Assets. A right-of-use asset is the lessee's valuation of their right to use a leased asset throughout the lease term. The recording of the right-of-use asset is in the General Fixed Asset Account Group. The recording of the related liability is recorded in the General Long-Term Debt Account Group.

No depreciation/amortization has been provided on fixed assets in these financial statements. Depreciation/Amortization accounting is not considered applicable (except to determine the per capita tuition charge). Depreciation/Amortization is computed by the straight-line method over the estimated useful lives as follows:

| Description | Years |
|-----------------------------------|-----------------|
| Land | Not Depreciated |
| Buildings | 20-50 |
| Improvements Other than Buildings | 20 |
| Capitalized Equipment | 3-10 |
| Right-of-Use Assets | 3-10 |

C. Basis of Accounting

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the accounts and how they are reported on the financial statements. The District maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

Cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions

The school district does not utilize encumbrance accounting.

Management considered the effects of GASB Statement 96, Subscription-Based Information Technology Arrangements, but did not adopt GASB 96 as management determined this statement does not apply due to the District being on the cash basis of accounting.

Note 1. Summary of Significant Accounting Policies (continued)

D. Budgets and Budgetary Accounting

The budget for all Governmental Fund Types is prepared on the cash basis of accounting which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5, Paragraph 17-1 of the Illinois Compiled Statutes. The original budget was passed on September 20, 2023 and was amended on June 28, 2024.

For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures disbursed and the means of financing them.
- 2. A public hearing is conducted to obtain taxpayer comments.
- 3. Prior to October 1, the budget is legally adopted through passage of a resolution.
- 4. Formal budgetary integration is employed as a management control device during the year.
- 5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
- 6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

E. Cash and Cash Equivalents

Cash includes amounts in demand deposits and time deposit (savings) accounts. Cash equivalents include amounts in time deposits and other investments with original maturities of less than 90 days.

Note 1. Summary of Significant Accounting Policies (continued)

F. Investments

Investment balances are stated at cost which approximates market. Assets of the different funds are sometimes co-mingled for investment purposes and interest earnings are prorated back to the various funds when recognized as revenue. As of June 30, 2024, the District had no investments.

G. Inventories

Inventories consist of expendable supplies held for consumption. The cost is recorded as an expenditure disbursed at the time the individual inventory items are purchased.

H. Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fund Balance

The District follows the regulatory basis of reporting fund balances under guidelines prescribed by the Illinois State Board of Education, which is a special purpose reporting framework. The regulatory basis reports Reserved and Unreserved fund balance. See Note 3 for more detail.

Note 2. Property Taxes

The District's property tax is levied each year on all taxable real property located within the District on or before the last Tuesday in December. Property taxes are levied in Adams and Pike Counties. The 2023 levy was passed by the board on December 20, 2023. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments, normally in July and September.

The District receives significant distributions of tax receipts approximately one month after these due dates. Taxes recorded in these financial statements are from the, 2022 and prior tax levies.

Note 3. Fund Balance Reporting

According to Government Accounting Standards, fund balances are to be classified into five major classifications; Nonspendable, Restricted, Committed, Assigned, and Unassigned. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of the differences and a reconciliation of how these balances are reported.

Note 3. Fund Balance Reporting (continued)

A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. As of June 30, 2024, the Educational Fund classified \$42,236 as nonspendable fund balance for prepaid amounts.

B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. This includes restrictions such as those imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories —

Special Education

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

2. Leasing Levy

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

3. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational, Operations & Maintenance, Transportation, and Municipal Retirement/Social Security Funds. As of June 30, 2024, revenue received exceeded expenditures disbursed from the Early Childhood Block Grant, Agriculture Education Grant, and Maintenance Grant, resulting in a restricted fund balance of \$6,382 in the Educational Fund and \$50,000 in the Operations & Maintenance Fund.

Note 3. Fund Balance Reporting (continued)

B. Restricted Fund Balance (continued)

4. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational, Operations and Maintenance, and Municipal Retirement/Social Security Funds. As of June 30, 2024, revenue received exceeded expenditures disbursed from the Title I Grant, resulting in a restricted fund balance of \$3,275 in the Educational Fund.

5. Social Security

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance of \$11,593. This balance is included in the financial statements as Reserved in the Municipal Retirement/Social Security Fund.

6. Donations

Cash receipts and the related disbursements of donations that have been restricted for a special purpose are included in the Educational Fund. As of June 30, 2024, the District has received but not expended miscellaneous restricted local donations of \$18,353 in the Educational Fund.

7. School Facilities Occupation Tax

Proceeds from school-specific county sales tax revenues are restricted to expenditures for the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and are included in the Capital Projects Fund. Funds may also be used for the payment of bonds or other obligations issued or refunded for the purpose of the aforementioned expenditures. As of June 30, 2024, revenues received exceeded expenditures disbursed resulting in a reserved fund balance of \$599,096 in the Capital Projects Fund.

8. Drivers Education

Proceeds from local fees and state grants and the related expenditures have been included in the Educational Fund and are restricted for driver's education expenditures. At June 30, 2024, expenditures disbursed exceeded revenue received for the specified purposes, resulting in no reserved fund balance.

Note 3. Fund Balance Reporting (continued)

C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

At June 30, 2024, Student Activity Funds are reported within this classification for \$189,035. This amount is shown as Reserved in the Educational Fund.

Employee contracts for services rendered during the school year for employees electing twelve month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At June 30, 2024, the total amount of unpaid contracts for services performed during the fiscal year ended June 30, 2024 amounted to \$411,621. This amount is shown as Unreserved in the Educational Fund.

D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes. There is nothing to report for this classification.

E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds. Unassigned Fund Balance amounts are shown in the financial statements as Unreserved Fund Balances in the Educational, Operations and Maintenance, and Working Cash Funds.

Under the Governmental Accounting Standards fund balance categories, it is the District's policy to consider restricted resources to have been spent first when an expenditure is incurred for which both restricted and unrestricted (i.e. committed, assigned or unassigned fund balances) are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

Note 3. Fund Balance Reporting (continued)

F. Regulatory – Fund Balance Definitions

Reserved Fund Balances are those balances that are reserved for a specified purpose, other than the regular purpose of any given fund. Unreserved Fund Balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund. All fund balance categories other than assigned and unassigned are included in reserved fund balance.

When both reserved and unreserved resources are available for use, it is the District's policy to use reserved resources first to finance qualifying activities, then unreserved resources as they are needed.

G. Reconciliation of Fund Balance Reporting

The first five columns of the following table represent Fund Balance Reporting according to Government Auditing Standards. The last two columns represent Fund Balance Reporting under the regulatory basis of accounting utilized in preparation of the financial statements.

Generally Accepted Accounting Principles Regulatory Basis Financial Financial. Statements Statements Un-Nonspendable Restricted Committed Assigned assigned Reserved Unreserved Fund 174,267 217,045 628,124 Educational 42.236 28,010 600,656 Operations & 50,000 0 0 62,275 50,000 62,275 Maintenance 0 0 0 0 0 162,908 **Debt Service** 0 162,908 0 0 66,822 0 66,822 0 0 Transportation Municipal 0 0 Retirement 0 0 11,593 277,423 289,016 Capital **Projects** 0 0 0 599,096 0 0 599.096 110,282 0 0 110.282 0 Working Cash 0 Tort Liability 0 0 0 0 191,377 0 191,377 Fire Prevention 0 0 0 0 155,530 and Safety 0 155,530

H. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Note 5. Retirement Fund Commitments

(a) Teachers' Retirement System of the State of Illinois

Plan description

The employer participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at https://www.trsil.org/financial/acfrs/fy2023; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

Note 5. Retirement Fund Commitments (continued)

(a) Teachers' Retirement System of the State of Illinois (continued)

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Note 5. Retirement Fund Commitments (continued)

(a) Teachers' Retirement System of the State of Illinois (continued)

Contributions (continued)

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2024, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On-behalf contributions to TRS. The state of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2024, state of Illinois contributions recognized by the employer were based on the state's proportionate share of the pension expense associated with the employer, and the employer recognized revenue and expenditures of \$1,441,553 in pension contributions from the state of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ending June 30, 2024 were calculated to be \$14,764, of which all contributions were paid toward this obligation in the current fiscal year.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2024, the employer pension contribution was 10.60 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2024, salaries totaling \$323,685 were paid from federal and special trust funds that required employer contributions of \$34,311, of which all contributions were actually paid in the current fiscal year.

Note 5. Retirement Fund Commitments (continued)

(a) Teachers' Retirement System of the State of Illinois (continued)

Contributions (continued)

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2024, the employer paid \$0 to TRS for employer contributions due on salary increases in excess of 6 percent, and \$0 for sick leave days granted in excess of the normal annual allotment.

Pensions Expense

For the year ended June 30, 2024, the employer recognized pension expense of \$49,075 on a cash basis under this plan.

(b) Illinois Municipal Retirement Fund

Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multiple employer public pension fund. A summary of IMRF's benefits is provided in the "Benefits Provided" section below. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date). The District participates in the Regular Plan.

Note 5. Retirement Fund Commitments (Continued)

(b) Illinois Municipal Retirement Fund (continued)

Benefits Provided (continued)

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- ½ of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2023, the District's membership consisted of 24 retirees and beneficiaries currently receiving benefits, 28 inactive plan members entitled to but not yet receiving benefits, and 23 active plan members for a total of 75 plan members.

Note 5. Retirement Fund Commitments (Continued)

(b) Illinois Municipal Retirement Fund (continued)

Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2023 was 2.53%. The District's contribution rate for the calendar year 2024 is 3.30%. For the fiscal year ended June 30, 2024 the District contributed \$24,379 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Note 6. Other Post-Employment Benefits

This District participates in two post-employment benefit plans other than pension. The two plans are the Teacher's Health Insurance Security (THIS) Fund and the District's own health insurance plan. All IMRF employers are required to allow retirees to continue on their health plans.

(a) Teacher's Health Insurance Security (THIS)

Plan description

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside of the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

Note 6. Other Post-Employment Benefits (continued)

(a) Teacher Health Insurance Security (continued)

On behalf contributions to the THIS Fund

The state of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to the THIS Fund from active members which were 0.90 percent of pay for the year ended June 30, 2024. State of Illinois contributions were \$22,909, and the District recognized revenue and expenditures of this amount during the year.

Employer contributions to the THIS Fund

The District also makes contributions to the THIS Fund. The employer THIS Fund contributions were 0.67% during the year ended June 30, 2024. For the year ended June 30, 2024, the District paid \$17,054 which was 100 percent of the required contribution.

Further information on the THIS Fund

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: (http://www.auditor.illinois.gov/Audit-Reports/Illinois.gov/Audit-Reports/CMS-THISF.asp). Prior reports are available under "Healthcare and Family Services" (http://www.auditor.illinois.gov/Audit-Reports/HEALTHCARE-FAMILY-SERVICES-Teacher-Health-Ins-Sec-Fund.asp).

(b) Post-Retirement Health Care Benefits

The District provides post-retirement health care benefits for the retirees and their dependents. All retirees are eligible to continue their health coverage under the District's health insurance plan. The retirees are responsible for the entire premium payment to secure coverage. The District finances the plan on a pay-as-you-go basis. The Unfunded Actuarial Liability has not been determined as of June 30, 2024.

Plan Description

The District administers a single-employer defined benefit healthcare plan. The Educational support employees who contribute to IMRF are eligible for post-retirement medical coverage. The plan does not issue a separate publicly available financial report.

Note 6. Other Post-Employment Benefits (continued)

(b) Post-Retirement Health Care Benefits (continued)

Plan Participants

As of June 30, 2024, no retirees have elected to continue their health coverage under the District's health insurance plan.

Funding Policy

The contribution requirements of the District may be amended by the School Board. Current policy is to pay for post-retirement medical and insurance benefits or premiums as they occur. The District requires retirees to contribute 100% of the premium for the desired coverage. The premiums are established for the employee/retiree group, which currently range from \$853 per month for individual coverage, \$1,874 for employee plus spouse coverage, \$1,668 for employee plus children coverage, and \$2,689 per month for family coverage. Although, with regards to retirees, this amount contains an implied rate subsidy by the District through the blended premium covering all current employees and retirees, there is no actuarial valuation performed to determine the amount of such subsidy.

Contributions Made

Because the retiree insurance premium established is paid entirely by retiree contributions, there is no net cash outflow by the District related to these benefits when paid. Therefore, there are no cash-basis expenditures reported by the District in regard to the plan benefits for retirees.

General Obligation Bonds

2016 General Obligation/Refunding Bond, original issue \$2,135,000 dated November 29, 2016, provides for serial retirement of principal annually beginning on December 1, 2018 and interest payable June 1 and December 1 of each year beginning December 1, 2017 with interest rates ranging from 2.0% to 4.0%. This bond was issued to advance refund \$2,045,000 of outstanding 2010 Life Safety/Refunding Bond with interest rates ranging from 3.25% to 8.9%. The net proceeds of \$2,272,521 (after payment of \$61,392 for bond issuance, contingency, and other costs) plus bond premium of \$113,927 and an additional \$84,986 issuer contributions were used to purchase U.S. government securities.

Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the \$2,045,000 of the 2010 Life Safety/Refunding Bonds and the possibility that the debtor will be required to make future payments on that portion of the debt is remote. As a result, the \$2,045,000 of the 2010 Life Safety/Refunding Bonds are considered to be defeased and the liability for those bonds has been removed from the general long-term debt account group. In addition, the escrow account asset holding these funds is not recorded on the District's books as it was used to defease the \$2,045,000 of the 2010 Life Safety/Refunding Bonds. The District advance refunded \$2,045,000 of the 2010.

Life Safety/Refunding Bonds to reduce its total debt service payments over the next 13 years by \$212,241 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$51,138.

The annual cash flow requirements of principal and interest on the Series 2016 General Obligation/Refunding Bond is as follows:

GASB 87 Leases

Lease Purchase Agreements

On February 27, 2023, the District entered into a lease purchase agreement with Santander Bank, N.A. for the lease of 2023 Activity Bus. The lease has an initial payment of \$23,306 with four additional annual payments of \$23,306 at an interest rate of 6.5%. Date of maturity is March 15, 2027. Payments are made from the Transportation Fund. The following is a summary of the remaining lease payments:

| Year Ended | | | |
|------------|--------------|-------------|--------------|
| June 30, | Principal | Interest | Total |
| 2026 | \$ 20,625 | \$ 2,681 | \$ 23,306 |

| | \$ 42,549 | \$ 4,063 | \$ 46,612 |

Other Leases

On November 14, 2023, the District entered into an agreement to lease copiers. As a result of the lease agreement, the total amount of the right-of-use assets recorded on the District's books is \$35,294. The right-of-use asset is amortized over 60 months. The agreement calls for 60 monthly payments of \$723, which includes an interest rate of 8.4%. Payments commence January of 2024 and continue monthly through December of 2028. During the year ended June 30, 2024, payments under the lease totaled \$4,339, which were paid from the Educational Fund.

The annual cash flow requirements of principal and interest for the GASB 87 lease agreement are as follows:

| Year Ended | | | |
|------------|--------------|-------------|--------------|
| June 30, | Principal | Interest | Total |
| 2025 | \$ 6,178 | \$ 2,499 | \$ 8,677 |

Note 8. Deposits and Investments

The district is allowed to invest in securities as authorized by Sections 2 and 6 of the Public Funds Investment Act and Sections 8-7 of the School Code of Illinois.

Custodial Credit Risk for Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. The District's policy requires deposits to be 100% secured by collateral valued at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance (FDIC).

Deposits

Deposited funds may be invested in certificates of deposit. Collateral agreements must be approved prior to deposit of funds as provided by law. The District Board approves and designates a list of authorized depository institutions based on evaluation of solicited responses and certifications provided by financial institutions.

Deposits of the District's reporting entity are insured or collateralized with securities held by the District, its agent, or by the pledging financial institution's trust department or agent in the name of the District. At June 30, 2024, the District's bank balance was \$2,549,803, of this balance \$371,678 is covered by Federal Deposit Insurance and \$2,178,125 is collateralized with securities held by an independent financial institution in the District's name. Certificate of deposit are included as cash equivalents due to their liquidity.

Note 9. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District participates in the Prairie State Insurance Cooperative. This cooperative is a protected "non-assessable" self-insurance risk program of Illinois Public School Districts. The Districts pay for premiums through a known maximum cost program- "Non-Assessable." Part of their costs then goes to buy excess insurance contracts for the group as a whole. A summary of insurance coverage includes property, liability, and workers' compensation. The title to all assets acquired by the Cooperative is vested in the group. In the event of termination of the Cooperative, such property shall belong to the then members in equal shares. Each participating District pays all costs, premiums and other fees attributable to its respective participation in the Cooperative and is responsible for its obligation under any contract entered into with the Cooperative. Reserves for claim losses include provisions for reported claims on a cash basis and an estimate of claims incurred but not reported limited by aggregate and individual loss levels as specified by the reinsurance contracts.

Note 9. Risk Management (continued)

For these programs, there has been no significant reduction in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current or prior two years. The significant components of each contract can be obtained from the Cooperative's annual financial report at www.prairiestateinsurance.org.

Note 10. Joint Agreement

The District participates in a joint agreement with Four Rivers Special Education District for special education. The agreement calls for Griggsville-Perry Community Unit School District No. 4 to pay the special education district its per capita share of the administrative costs and centralized instructional services of the special education district. The agreement shall remain in effect until the District notifies the Special Education District that it chooses to withdraw. During the year ended June 30, 2024, the District paid \$173,599 to the Special Education District.

Note 11. Commitments and Contingencies

Grant Programs

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2024 may be impaired.

In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

Salaries Payable

Employees have the option of being paid their salary over nine or twelve months. For those employees who opted for twelve months of salary payments, the last two payments will be paid in July and August 2024. This results in salaries due at June 30, 2024 of \$411,621.

Contingent Liability

The District has elected the reimbursement method of payment of Illinois Unemployment Compensation. Under the reimbursement method, the District will be liable for benefits drawn based on work experience of District employees. During the year ended June 30, 2024, the District did not pay any unemployment compensation.

Note 12. Compensated Absences

Employees are granted vacation pay in varying amounts. In the event of termination, an employee is reimbursed for any unused accumulated leave. Administrative employees must use all vacation by June 30 or they lose it. All other employees can be paid for or carry over up to five days. Vacation pay is charged to operations when taken by the employees of the District. At June 30, 2024, the District had \$5,543 in accrued compensated absences.

Note 13. Expenditures in Excess of Budget

During the year ended June 30, 2024, the District had actual expenditures in excess of budgeted expenditures in the following funds:

| | А | mount |
|-----------------------|----|--------|
| Debt Service Fund | \$ | 4,284 |
| Capital Projects Fund | | 15,126 |

Note 14. Legal Debt Margin

| Equalized Assessed Valuation, 2023 Tax Year | \$ 61,942,455 |
|--|------------------------------|
| Statutory Debt Limitation (13.8% of Equalized Assessed Valuation) Less: Long-Term Debt Outstanding | \$ 8,548,059 (901,343) |
| Legal Debt Margin | \$ 7,646,716 |

Note 15. Transfers and Interfund Loans

During the year ended June 30, 2024, the District made a transfer of \$4,339 from the Educational Fund to the Debt Service Fund to pay principal and interest on GASB 87 Leases.

The Working Cash Fund transferred \$10,000 to the Transportation Fund and \$6,500 to the Municipal Retirement/Social Security Fund as an abatement of working cash.

Generally, outstanding balances between funds reported as "due to/from other funds" include outstanding charges by one fund to another for services or goods, subsidy commitments outstanding at year-end, and other miscellaneous receivables/payables between funds. Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are described as "due to/from other funds" (i.e., the current portion of interfund loans) or advances to/from other funds (i.e., the non-current portion of interfund loans). During the year ended June 30, 2024, the District did have an outstanding interfund balance of \$4,319 between the Educational Fund and the Municipal Retirement/Social Security Fund due to ESSER revenue being deposited into the incorrect fund.

Note 16. Recently Issued and Adopted Accounting Standards

During the year ending June 30, 2024, the District implemented GASB Statement No. 99, *Omnibus 2022*, Statement No. 100, *Accounting Changes and Error Corrections*, and Statement No. 101, *Compensated Absences*. The adoption of these pronouncements did not have a material effect on the financial statements for the year ended June 30, 2024.

The Governmental Accounting Standards Board (GASB) has approved the following:

Statement No. 102, Certain Risk Disclosures **Statement No. 103**, Financial Reporting Model Improvements

When these statements become effective, application of these standards may restate portions of these financial statements.

Note 17. Subsequent Events

Events that occur after the Statement of Assets and Liabilities Arising from Cash Transactions (statement) date, but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the statement date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the statement date require disclosure in the accompanying notes. Management evaluated the activity of Griggsville-Perry Community Unit School District No. 4 through December 11, 2024, the date which the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

Superintendent and School Board Griggsville-Perry Community Unit School District No. 4 Griggsville, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of Griggsville-Perry Community Unit School District No. 4 as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Griggsville-Perry Community Unit School District No. 4's basic financial statements, and have issued our report thereon dated December 11, 2024. Our opinion was adverse because the financial statements are not prepared in accordance with generally accepted accounting principles. However, the financial statements were found to be fairly stated on the cash basis of accounting, in accordance with regulatory reporting requirements prescribed or permitted by the Illinois State Board of Education, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Griggsville-Perry Community Unit School District No. 4's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Griggsville-Perry Community Unit School District No. 4's internal control. Accordingly, we do not express an opinion on the effectiveness of Griggsville-Perry Community Unit School District No. 4's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Griggsville-Perry Community Unit School District No. 4's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2024-001, that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Griggsville-Perry Community Unit School District No. 4's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and which are described in the accompanying schedule of findings and questioned costs as items 2024-002, 2024-003 and 2024-004.

Griggsville-Perry Community Unit School District No. 4's Responses to Findings

Government Auditing Standards requires the auditor to perform limited procedures on Griggsville-Perry Community Unit School District No. 4's responses to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Griggsville-Perry Community Unit School District No. 4's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Griggsville-Perry Community Unit School District No. 4's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Griggsville-Perry Community Unit School District No. 4's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

Independent Auditor's Report

Superintendent and School Board Griggsville-Perry Community Unit School District No. 4 Griggsville, Illinois

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Griggsville-Perry Community Unit School District No. 4's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Griggsville-Perry Community Unit School District No. 4's major federal programs for the year ended June 30, 2024. Griggsville-Perry Community Unit School District No. 4's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Griggsville-Perry Community Unit School District No. 4 complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Griggsville-Perry Community Unit School District No. 4 and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Griggsville-Perry Community Unit School District No. 4's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Griggsville-Perry Community Unit School District No. 4's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Griggsville-Perry Community Unit School District No. 4's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Griggsville-Perry Community Unit School District No. 4's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Griggsville-Perry Community Unit School District No. 4's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Griggsville-Perry Community Unit School District No. 4's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Griggsville-Perry Community Unit School District No. 4's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2024-005 and 2024-006 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on Griggsville-Perry Community Unit School District No. 4's responses to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. Griggsville-Perry Community Unit School District No. 4's responses were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SINGLE AUDIT INFORMATION CHECKLIST

The following checklist is OPTIONAL; it is not a required form for completion of Single Audit information. The purpose of the checklist is to assist in determining if appropriate information has been correctly completed within the Annual Financial Report (AFR). This is not a complete listing of all Single Audit requirements, but highlights some of the more common errors found during ISBE reviews.

Criteria or specific requirement Internal controls should be in place to monitor and limit expenditures within approved budget guidelines. 4. Condition Actual expenditures were allowed to exceed budgeted expenditures. 5. Context¹² The District had actual expenditures in excess of budget in the Debt Services Fund and the Capital Projects Fund. 6. Effect The District exceeded budget in the Debt Services Fund due to the amended budget not taking into account the recording of journal entries related to GASB 87 - Leases. The District exceeded budget in the Capital Projects Fund due to the amended budget not taking into account the additional Resource Officer expenditures being recorded in this fund. 7. Cause Despite passing an amended budget at the end of the year, the District failed to amend the budget in the Debt Services Fund and the Capital Projects Fund in order to prevent actual expenditures exceeding budget in those funds. 8. Recommendation

The District should review a comparison of actual expenditures to budgeted expenditures in all funds throughout the year. If the District will exceed the adopted budget, the Board should amend the budget by the same procedures required of its original adoption.

9. Management's response¹³

The District will monitor actual expenditures in relation to budget for all funds more closely in the future, and if the budget will be exceeded, the Board will amend the budget by the same procedures required of its original adoption.

CORRECTIVE ACTION PLAN

December 11, 2024

Illinois State Board of Education

Griggsville-Perry Community Unit School District No. 4 respectfully submits the following corrective action plan for the year ended June 30, 2024.

Name and address of independent public accounting firm: Zumbahlen, Eyth, Surratt, Foote & Flynn, Ltd., 1395 Lincoln Avenue, Jacksonville, IL 62650.

Audit Period: Year Ended June 30, 2024.

The findings from the June 30, 2024 schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINANCIAL STATEMENT FINDINGS

Material Weaknesses

Finding No.: <u>2024-001</u>

Condition: The District's accounting function is controlled by a limited number of individuals resulting in the inadequate segregation of duties.

Plan: The District is reviewing its financial policies and procedures to better segregate duties where possible. The Superintendent will make the Board aware of their responsibility in regards to reviewing and approving financial items and asking questions.

Anticipated Date of Completion: Ongoing

Finding No.: 2024-002

Condition: Actual expenditures were allowed to exceed budgeted expenditures.

Plan: The District will monitor actual expenditures in relation to budget for all funds more closely in the future, and if the budget will be exceeded, the Board will amend the budget by the same procedures required of its original adoption.

Anticipated Date of Completion: Ongoing

Finding No.: 2024-003

Condition: An interfund loan was made in non-conformity with the applicable authorizing statute or without statutory authorization per the Illinois School Code.

Plan: Throughout the year, the District will monitor the possibility of unauthorized loans being inadvertently made between funds. If unauthorized loans are discovered, the District will adjust funds accordingly to ensure that the reporting is correct and in compliance with the Illinois School Code.

Anticipated Date of Completion: Ongoing

Finding No.: 2024-004

Condition: Statements of Economic Interest were not filed timely with the Pike County Clerk by one Board Member and one Principal.

Plan: Management will have these officials each file a Statement of Economic Interest with the Pike County Clerk immediately. In the future, management will ensure that each elected and appointed official and employees who have authority to authorize the expenditure of public funds files a Statement of Economic Interest by May 1st of each year as is required by the Illinois Governmental Ethics Act.

Anticipated Date of Completion: Ongoing

FEDERAL AWARD FINDINGS

Material Weaknesses

Finding No.: 2024-005

U.S. Department of Education – 2023 Elementary and Secondary School Emergency Relief Fund – AL No. 84.425

Condition: See Finding 2024-001

Plan: See Finding 2024-001.

Anticipated Date of Completion: Ongoing

Finding No.: <u>2024-006</u>

U.S. Department of Education – 2023 Elementary and Secondary School Emergency Relief Fund – AL No. 84.425

Condition: The District did not maintain records that contain information necessary to identify Federal expenditures supported by source documentation.

Plan: The District will work to ensure that records are maintained that sufficiently identify the amount, source and expenditure of Federal funds for Federal awards. Grant expenditure reports will be reviewed to make sure Federal award expenditures are not double-reported.

Anticipated Date of Completion: Ongoing

If the Illinois State Board of Education has questions regarding this plan, please contact Jeff Abell at (217) 833-2352.

Sincerely yours,

Jeff Abell, Superintendent
